1 Select a base model	<input type="checkbox"/> Belmontear	\$12,750
	<input type="checkbox"/> Desertear	\$14,750

2 Select deluxe upgrades to suite your needs. The bodies of the standard models are approx 1200mm (4') wide x 2400mm (8') long. For a larger model, select one of the following options <ul style="list-style-type: none"> The EL models are longer - approx 2700mm (9') long The EW models are wider - approx 1500mm (5') wide 	<input type="checkbox"/> bigfoot (5')	\$1,600
	<input type="checkbox"/> XL (9')	\$900

3 Select the exterior colour and finish

Finish: The stucco aluminium has been our most popular finish, providing a retro, easy to care for look that will match with any vehicle. Alternatively, the extra tough fibreglass sheeting provides added durability.

Colour: We recommend that your teardrop roof should be silver or white. This will keep you cooler and provide a stylish finish to your teardrop camper, no matter what colour you select for the sides. The standard silver stucco or white fibreglass are often used. If you would like to know the range of powdercoat colours, check out the Dulux powder coat finishes.
